School Enrollment Up 100 Over 1958 Figure

Over 1,300 students had registered in Canyon public schools Tuesday, an increase of nearly 100 over last year, Superintendent Joe Gibson said.

All three levels of school—elementary, junior high, and high school—showed increases, with the elementary school marking up the biggest hike in students.

Only five students more were enrolled in high school this year than were registered last year at this time, Gibson said. This year there are 355 students in high school, while 350 pupils had enrolled last year at this time.

1,343 Students Enrolled
Total Enrollment so far is 1,343 students, with 625 of them in elementary school, and 363 in junior high. Last year some 1,257 students had registered.

Additional students are expected after West Texas State College opens next week. Some of the instructors at the college with school-age children are out of town, and several students are expected to enroll when their families return.

Biggest class at the schools this year is the first grade, where 166 six-year-olds enrolled in six sections. It is the largest first grade class in the history of the school. Last year 135 first graders were taught in five sections.

Seniors Lose 22
The senior class this year lost

22 students that were juniors last year. There are 62 seniors enrolled, while there were 84 members of the junior class last year. However, the senior class is larger by four students than it was last year, when 58 were enrolled.

There are 127 second graders, 129 third graders, 101 fourth graders, 102 fifth graders, 133 sixth graders, 135 seventh graders, and 95 eighth graders.

In high school, there are 105 freshmen, 106 sophomores, and 82 juniors, along with the 62 seniors. Enrollment has risen steadily in the Canyon schools. There were 1,087 students in 1955, 1,108 in 1956, and 1,189 in 1957.

TB Groups Merge In Disease Fight

While residents of Randall and Potter Counties argue about other things, officials of the two tuberculosis associations have decided to join ranks to intensify the battle on the disease.

The bi-county organization will be known as the Potter-Randall Tuberculosis Association, Inc., with Tom Seay of Amarillo as president.

"Tuberculosis still knows no equal in the number of lives ruined, homes wrecked, and careers twisted," Seay said. "Therefore, the association's volunteer board of directors has sought to increase the search for the disease, decrease the reservoir of infection, and protect the family circle by joining with Randall County in this search."

Accounts for Funds
In announcing the consolidation of the two associations, Seay gave an accounting of the funds raised last year through the sale of Christmas Seals.

"Largest slice of the Christmas Seal dollar, 35 cents, went to the search for unknown TB cases through chest x-ray services and through tuberculin testing," the president said.

Next largest slice of 25 cents went to the county-wide health education and fact-finding and work with other health or welfare agencies.

Selling, Education
Ten cents of each dollar collected went to the campaign of selling and education for the annual seal drive.

Another 10 cents was allotted to support the state-wide work in tuberculosis, while 15 cents was allotted to work to keep tuberculosis patients under isolation, under treatment, and for rehabilitation.

Five cents of each dollar was allotted to the administration of the association, Seay said.

Officers Elected By H.D. Council

The Randall County Home Demonstration Council elected officers for the coming year at a meeting Tuesday in the Farm Bureau building.

Mrs. B. F. Hufnagle was elected chairman with Mrs. C. V. Conatser as vice chairman and Mrs. R. B. Gist, Jr., as secretary-treasurer.

Mrs. Earl Reynolds, Mrs. M. T. Maddux and Mrs. Ann Ferguson will leave Saturday to attend the state Home Demonstration Association Convention in Galveston next week. Mrs. Hufnagle will be a guest delegate at the convention.

Randall County Divided Into Four New Precincts

Commissioners Split Canyon

In a surprise move Tuesday, Randall County commissioners voted unanimously to redistrict Randall County, dividing the county into four new slices.

The four new precincts are as equal in population and area as is possible considering the population distribution of the county.

Commissioner B. E. McCormick of Precinct 1 was cut almost completely out of Canyon, the precinct he represented until Tuesday.

Split Three Ways

With the new precinct lines, there are now three precincts represented within the city limits of Canyon. Clarence Beckman's line to the west is 15th Street, while Glenn Dowlen has most of downtown Canyon—from 15th Street east to Highway 87, south to one mile outside the city limits.

McCormick now represents that section of Canyon bounded on the south on Seventh Avenue and on the west by Highway 87.

Tuesday's action went into effect immediately. It is the first time the precinct lines have been changed since the county was organized in 1889.

To Name Committee

Soon after the redistricting was voted, commissioners agreed to name a committee of five to study the problems of Randall County, particularly the tax situation. The committee, which is to be named Monday, is to report back to Commissioners' Court within 30 days.

Representatives of the Canyon Chamber of Commerce, Junior Chamber of Commerce, as well as interested citizens from Canyon, South Amarillo, and Amarillo were present at Tuesday's meeting.

Mike Morris of the Jaycees presented a petition, signed by 103 persons, asking McCormick to make the motion to redistrict the county. John Carille, chairman of the Jaycees' civic affairs committee, also spoke in favor of redistricting.

Asked for Committee

Jerry LaGrone, president of the Chamber of Commerce, spoke in favor of redistricting, and also asked that the committee be appointed.

The Chamber of Commerce earlier had voted to support a committee to study redistricting and other problems faced by the county in an effort to prod the commissioners into action, LaGrone said.

Two of the commissioners, who most observers felt would oppose the redistricting move, agreed to the new precinct lines almost without hesitation. Beckman, who last week said, "I'd rather give them (Potter County) that (north) end of the county than redistrict," offered no opposition to the move Tuesday.

Agrees Readily

Dowlen, who had represented one of the most sparsely-populated precincts in the county, readily agreed to the new precinct lines, with minor changes, that were proposed by C. Y. Johnson of Precinct 4.

Dowlen at first had wanted to postpone action until a study of

Continued on Back Page, Sec. 1

Gathered around the new central switchboard at West Texas State College are, from left to right, Al Leach, Southwestern Bell Telephone Company district manager, Virgil Henson, WT business manager, Osce Parsons, and Jeanne Whinnery. The new phone system went into use last week at the college. Persons wishing to call any department or individual at the college, just dial OL 5-2161 and the college operator will complete the call.

AT NEW BUFF STADIUM

Open House Slated

College football, like fall, is in the air this week as the date for the special open house at the new Buffalo Stadium approaches and college officials implore fans to get their season tickets early.

Fans will be shown why West Texas College Officials call Buffalo Stadium one of the finest stadiums in the Southwest at the open house, scheduled for 4 to 6 p.m. Sunday.

Features to be shown include the stadium itself, the plush pressbox, player dressing rooms, and rest rooms.

The Finer Points
Finer points of the stadium include a special section with 1,358 arm chairs with electrical outlets, 16,000 reserved seats and "every one a good one," aisles wide enough for two people to go down or up, and the best crosswalk in any stadium in the United States.

Frank Kimbrough, WT athletic director, said, "This will be the only opportunity fans will ever have to see all the nice, new features which make this stadium the most modern of any in the United States."

Other features to be pointed out at the open house include a new kind of radio broadcasting room in the press box and "the nicest public rest rooms in the country."

Tickets on Sale
Season tickets, as well as individual game tickets, are now on sale for area grid fans at the athletic office at Buffalo Field House. Tickets for the chair section were going fast.

After a week and a half of rugged drills, Coach Clark Jarnagin is pleased with the progress of his West Texas State football squad. "The boys are coming along fine," said Coach Jarnagin, "but we have a long way to go before that opening game with Arizona State, September 19."

The Buffs will open their new 20,000-seat stadium the following Saturday night, September 26, with University of Arizona.

Injuries have cropped up almost daily in the Buff camp but most of the veteran lettermen appear to be in good shape. Ray McCown, starting left end, and left halfback Jimmy Jones, another starter, were hobbled earlier with back and ankle injuries, respectively, but both are back at work.

Tommy Hamilton, a freshman guard from Seminole, reinjured an old knee injury the first day of workouts and underwent surgery earlier this week. He will be out for the season.

West Texas will continue twice-a-day drills through Monday and then will drop off to daily workouts after start of school Tuesday. The Buffs labored through an encouraging squad scrimmage Saturday afternoon and another is scheduled for Saturday at 3 p.m.

Jarnagin Pleased With Progress

After a week and a half of rugged drills, Coach Clark Jarnagin is pleased with the progress of his West Texas State football squad. "The boys are coming along fine," said Coach Jarnagin, "but we have a long way to go before that opening game with Arizona State, September 19."

The Buffs will open their new 20,000-seat stadium the following Saturday night, September 26, with University of Arizona.

Injuries have cropped up almost daily in the Buff camp but most of the veteran lettermen appear to be in good shape. Ray McCown, starting left end, and left halfback Jimmy Jones, another starter, were hobbled earlier with back and ankle injuries, respectively, but both are back at work.

Tommy Hamilton, a freshman guard from Seminole, reinjured an old knee injury the first day of workouts and underwent surgery earlier this week. He will be out for the season.

West Texas will continue twice-a-day drills through Monday and then will drop off to daily workouts after start of school Tuesday. The Buffs labored through an encouraging squad scrimmage Saturday afternoon and another is scheduled for Saturday at 3 p.m.

Saturday's workout pointed up the fact that the Buffs have one sound unit but will be lacking in depth, unless some sophomores make a lot of progress before September 19.

**Randall County Unscathed
After Labor Day Weekend**
There were no major accidents in Randall County over the long Labor Day weekend, Highway Patrolman Gilbert Ray reported this week.

"I'm very proud of the people of this county," the patrolman said, adding that few traffic violations were noted. Ray said he issued one ticket Sunday night for speeding, and with radar Monday night only four tickets were given motorists.

The chair-back seats are located between the 42-yard lines on the east side and sell for \$3.50 per game, or \$17.50 for the season. Other reserved seats go for \$3, and then prices scale down to \$2 and \$1 for family plan and general admission ducats.

Students can find a seat at any time for 50 cents, and High School Day, October 17, will be located in a choice reserve section for the same price.

Special Promotions
Other special promotions include "Mom and Dad's Day" October 24, when parents of West Texas State students will be honored and receive special ticket discounts. Then the following Saturday, October 31, will be "Boy Scout Day."

Homecoming has been designated for November 7, when the Buffaloes meet Virginia Tech. It will be a 2 p.m. game, the only afternoon contest for the Buffaloes this fall.

Finishing touches are being applied to the handsome bowl-like stadium, and it will be all set for the first official function at 4:30 p.m., September 26, Kimbrough said. Senator Lyndon Johnson will deliver the main address at the Fall Convocation, honoring the school's 50th anniversary on that day.

Fall Semester Opens Monday at College

When West Texas State College opens the fall semester Monday, it will start its 50th annual session, and the Golden Anniversary of the Panhandle's institution of higher learning will be observed throughout the year.

Between 2,400 and 2,500 students are expected to enroll on the campus here, marking a new high in enrollment. Another 1,200 are expected to register for evening classes at the Amarillo Center.

A campus which has been changing continuously for the past 10 years will again show signs of progress, with the opening of a new major addition to the science building, a new fine arts building, and one of the nation's most modern football stadiums.

Johnson To Speak
First observance of the Golden Anniversary year will be Fall Convocation at 4:30 p.m. September 26. The program will be in the

new 20,000-seat stadium, and the speaker will be Senator Lyndon B. Johnson. The people of the Panhandle and South Plains are invited.

WT faculty will meet Saturday at 8 a.m. in the cafeteria for breakfast and will later hold business sessions, to initiate activities for the fall semester.

Dorms Open Sunday
Dormitories on the campus will open Sunday, and freshmen will meet for orientation and tests at 8:30 a.m. Monday in the Administration Building auditorium.

A period of freshman advisement will be held Tuesday morning, and freshmen and sophomores begin registration Tuesday afternoon and Wednesday morning. Juniors, seniors, and graduates register the afternoon of September 16 and the morning of September 17. Classes start September 17.

Protection Receives Attention of Eagles

Work on pass offense was consuming much of the Canyon Eagles practice time this week as they prepared for the second game of the young football season.

The Eagles meet Hereford Friday at 8 p.m. in Whiteface Stadium, in the season debut for the Whitefaces.

"Hereford is going to be tougher competition than Slaton," Coach Davis said, "and we're not going to be able to make as many mistakes and still win the game."

Last week the Eagles stopped the Slaton Tigers, 16-0, at old Buffalo Stadium in the initial game of the season.

Protection Needed

Pass protection was the thing which seemed to worry the Eagles coach the most as the Canyon gridders worked against the Hereford defense.

The linemen, he said, were not holding their blocks after making initial contact with the defense. This appeared to be a holdover from the days of the split-T, he said, and it would take a while for the gridders to become accustomed to the winged-T offense being used this year.

Last week against Slaton the Eagles stayed in a form of the winged-T throughout the night, employing the lonesome end innovation. Last year the Eagles used the split-T offense during the season.

Basis For Trouble

Quick-opening holes in the line are needed for most split-T plays, and this is the basis for trouble

in the linemen not giving the passer the protection he needs for deep passes, Coach Davis feels.

Hereford, in District 1-AAA, has six lettermen returning from a squad that lost eight of 10 games last season.

Three of the lettermen expected to deal the Eagles misery Friday are 180-pound guard Edwin Thomas, 195-pound tackle Terry Hodges, and 140-pound quarterback Bill Dirks.

★ ★ ★

Fans can get another look at the Canyon Eagles drum majorettes Friday when the Eagles play Hereford at Hereford at 8 p.m. The girls made their 1959 entrance last week at the Slaton game. They are, from left to right, Nancy Cleavinger, Lois Harlan, Jo Hubbard, Wilma Burkett, Linda Green, and Jane Jarrett.

Putting Our House in Order

A very sobering thought was injected at the luncheon meeting of the Chamber of Commerce last Friday.

Wes Izzard, editor of the *Amarillo Daily News*, reported that a well-known Amarillo businessman told him that Canyon would probably favor the annexation of South Amarillo because then the county would not be faced with any problems of major importance.

The inference was that if South Amarillo is annexed to Potter County, then Randall County could revert to the days of easy-going politics.

The alternative is for Randall County commissioners to become more dynamic and face the fact that the majority of the people in this county live in Amarillo. This would mean giving the people of South Amarillo the representation on the commissioners' court which the people think they deserve.

Avent Lair, Randall County criminal district attorney, thinks it is a matter of principle. He thinks the county commissioners should be chosen in proportion to the population and taxes paid.

According to figures released by the Amarillo Junior Chamber of Commerce, 255 voters in Randall County control half of the county commissioners. There are 4,710 other voters in the county.

Most observers seem to think that redistricting Randall County would forestall efforts by the Amarillo Jaycees to annex South Amarillo to Potter County. It also is felt that if South Amarilloans were informed of the advantages of living in Randall County, then the annexation fever would quietly slip away. That may be so, but it does not remove the inequities which now exist.

What Randall County must do if it is to keep pace with what Commissioner C. Y. Johnson called the "modernistic age" is redistrict.

It is a foredrawn conclusion that two county commissioners—Clarence Beckman of Precinct 2 and Glenn Dowlen of Precinct 3—will oppose the move. They would be doing the voters who elected them a disservice if they did not.

In all probability, one of them would lose a job as commissioner if the redistricting is done. That is another good reason for them to oppose the move. But it is doubtful they would even consider losing their jobs as an argument against redistricting. It is evident from their records that their electors come first with them and a look at their tenures in office will attest to the voters' confidence in them.

With Commissioner Johnson of Precinct 4 backing the redistricting move, B. E. McCormick of Precinct 1 is caught in the middle. And his vote around the commissioners table is probably the only one which is in doubt as this is being written (Friday).

He is straddling the fence, and understandably so. It is not evident yet what the people of Canyon want to do about the situation, although the Chamber of Commerce has backed redistricting. The wrong move by the commissioner now could prove to be a politically-fatal one for him.

Endorsement of redistricting is not meant to discredit any commissioner. They know their jobs. But the line between proficiency and efficiency some-

times can be staggering.

Annexation of part of Randall County by Potter County is not something which can be done in the next few weeks. It could become a tedious affair, and conceivably could take many years because it would have to be brought before the Legislature, and probably before the courts of the state.

But if Randall County gives way to Potter County and loses its greatest single source of support and income, then the county government would revert to the days of sleepy-time politics. If Randall County permits this to occur it would set the county back 50 years. It might never recover from such a blow.

There are many bridges to cross before such an annexation move would become final. But redistricting is something which can be done now. Giving South Amarillo more representation on the commissioners' court would not resolve the question surrounding annexation.

However, redistricting would put our own house into order, and also give South Amarilloans the voice they deserve if they are going to continue to finance the major portion of Randall County's government. It is no more than they deserve. (OG)

TV Is Great, But . . .

Last year was a very bad year in the U. S. automobile industry. Sales were far under both past and anticipated levels. There was but one exception—American Motors, with its Rambler car, whose sales zoomed an astonishing 80 percent.

So something reported by *Editor & Publisher* in a late issue is of great interest.

The television people claim the world for their advertising medium. But American Motors, in setting its 1958 record, spent more than two-thirds of its \$6 million advertising budget in newspapers, and absolutely nothing on TV.

The other makes all spent large parts of their ad budgets on TV. *Editor & Publisher* says: "It will be argued, of course, that 1958 was an unusual year, that too many other factors enter into automobile sales, and that these figures are meaningless. We disagree."

"It seems to us that the coincidence—the manufacturer placing the largest percentage of his advertising appropriation in television and having the largest percentage drop in sales together with the fact that the only manufacturer who spent no money in TV but had the only increase in sales—is too great to ignore."

TV is a great medium but nothing can supplant the newspaper.

Worth Their Salt

A fully employed homemaker is worth more than \$10,000 a year to her family, according to a recent survey quoted by the Ohio Farm Bureau Advisory Council.

These figures are based on the going rates paid to cooks, dishwashers, laundresses, nurses, baby sitters, car drivers, dieticians, cleaning women, mechanics, seamstresses, secretaries, accountants, valets and the like. . . .

(Bedford, O., Times-Register)

What Our Neighbors Say . . .

Scissor Snippings

A. M. J. in the Slaton Slatonite: Last week while sipping coffee with C. L. Garrigues, Ray Hickman and Billy Ball I made the prediction that it would not be many years before men's ties and suits would be as out of style as men's garters and men's long handle union suits for practically all men will be wearing sport clothes.

Billy did not agree with me and bowed my head in shame for making such a remark. Billy says there are more ties being sold these days than ever before although he admitted that the women are buying a good many of them and men wearing them under protest. The discussion drifted to what well dressed men will be wearing in the future and Billy says the hottest stuff now is skin tight pants and cutaway coats. If the style catches on all the well dressed men will be wearing such suits within two or three years. You can put me down right now as being the worst dressed man in Texas in 1961, a title I may already hold for 1959.

"Who do you think are the best dressed men in Slaton, that is if there are any," I asked Billy. Here they are: Don Crow, Joe Walker, Jr., Harry Stokes and Howard Swanner. "There are

others too," said Billy. Thinking the matter over I am still not sold on narrow brim hats with ice cream cone shaped crowns and I sure don't want to wear pants that fit me like the skin on a hot dog. I'll just go on being old droopy pants.

Ernest Joiner in the Ralls Banner: Five years ago coffee was selling for \$1.09 per pound, and a cup of coffee was 5c a cup. Today a pound of coffee costs about 65c retail, and coffee is 10c a cup. If coffee went to 1c a pound, a cup of coffee would still sell for 10c. But if coffee sold for a time at 1c a pound and then went to 10c a pound, restaurant operators would scream like a gutted tomcat and peg coffee at 15c a cup on grounds that coffee beans had advanced 150 per cent in price. There is something un-American about lowering costs, regardless of the margin of profit involved. If coffee went back to 5c a cup, as it should, would it cheapen the product in the public mind? Besides, more people drink coffee at 10c than they did at 5c, and the psychological effect of cheap flavor buds on the coffee palate might be disastrous. Maybe consumers

better face it. They like high costs. It's a prestige complex, paying more and more for less and less. It explains \$10,000 sports cars that nobody particularly likes to drive, and hunters who invest \$2,000 in fancy red plaid hunting equipment to shoot birds they can't eat or farmers' cows that are rewarding only as conversational incidents. Maybe the American passion for forever up, up is responsible for wartime emergency taxes still being with us. Texas had a chance a few years ago to repeal the Confederate pension tax when the old soldiers died. The state damned near had a nervous breakdown because it appeared that the tax would lapse unless something could be found to support besides dead Confederates. Texans solved the problem by shifting the tax benefits to a \$7 million hunk of granite in Austin to house the Supreme Court, and everybody has been happy ever since. So the government has a basis for hiking taxes and spending more. People make government, and when people demonstrate their preference for 10c coffee instead of 5c coffee, the trend is bound to carry over into the field of state and federal spending.

I GIVE YOU TEXAS

Rope-Tossing Cowboy Became One of Our Most Famous Men

By BOYCE HOUSE

The lobby of the Hermitage Hotel in Nashville is in the grand manner of the 1890's and early 1900's: a carved, arched ceiling; marble columns, chandeliers, a roof of stained glass, huge windows with red-and-white drapes, plants and a painting of Andrew Jackson's home, from which the hotel derives its name.

Nashville is the hillbilly — or folk — music capital of the nation. I never saw so many young men with sideburns and guitars as there were on the streets. The Grand Ol Opry is each Saturday night; fortunately, I was in Nashville on Thursday night.

As I passed through Powhatan, Va., on the courthouse lawn there were several packs of dogs. I wondered if they were going to have a dog show or a fox hunt. Or maybe they were going to track down a jail-breaker. I'll never know.

Abingdon, Va., advertises, "Second most healthful city in U. S." Makes a fellow speculate as to which Texas town they concede is more healthful.

About 50 miles west of Nashville, there is a stream with a name which suggests a story: Defeated Camp Creek.

The Chisca Hotel, erected in Memphis about 1912, has guest rooms with window sills made of marble. They don't build hotels

like that anymore.

A Memphis car dealer has a sign, "Itty Bitty Down Payments; Teeny Weeny Monthly Payments."

In the 1900's there was a young cowboy appearing in a Fort Worth theater. He did fancy roping and the climax of the act had a man running down the aisle as the expert tossed a loop from the stage and caught him. No one in the applauding audience dreamed that some years later the cowboy would become the most popular man America has ever known. Almost a quarter of a century after his death, it isn't necessary to mention — except for youngsters — his name: Will Rogers.

Washington Report

One Form of Eternalism

By Representative Walter Rogers
18th Congressional District

The House of Representatives, over my vigorous protest, passed a bill requiring the Secretary of Commerce to prescribe safety devices to be placed on all government-purchased passenger vehicles. This legislation was widely advertised as a "Safety Bill." I am sure many people were misled by this questionable title and did not fully realize the serious import of the measure.

There has been great alarm, and properly so, in this country over the fact that 40 thousand people lose their lives on our highways each year, many people receive injuries and much property is destroyed. However, this most grave problem is not going to be settled by the passage of a bill which could very well be the forerunner of complete government control as to the design of an automobile—both body structure and motor capacity—and required accessories and devices.

The bill which passed applied only to government-purchased vehicles, but it was openly admitted in the debate that it was intended as the opening wedge to subsequently include all automobiles under the supervision of the Secretary of Commerce. Those of us who have wrestled with this problem for the past several years are well aware that unsuccessful attempts have been made in the past to obtain the passage of legislation subjecting all automobiles, government and otherwise, to requirements set up by a Board or Bureau here in Washington. When these attempts failed, the pro-

ponents of that theory simply changed their approach and decided to obtain passage of a bill applying only to government automobiles. This would enable them to get their foot in the door so the law could be expanded later to include all cars.

Private Enterprise Research

The reason more deaths have not occurred on the highways and more accidents and more loss of property is because the automobile manufacturers have constantly maintained a research program seeking and developing safety measures and devices for passenger cars. It was private enterprise that developed door locks which prevented the door from flying open on impact, deep dish steering wheels to lessen injuries to a driver in the event of collision, padded cowlings and dashboards to soften the blow to the passenger in case of accidents, to name a few.

The engineering of the automobile, itself, has been the result of wide research in the safety field to make a safer car for the people to travel in. This is a subject on which many reams could be written. Had it not been for the great advancements made by the automobile industry in these areas, the death toll on our highways may very well have been doubled or tripled. As the matter now stands, only a very small percentage of the accidents are caused by defects in the machine or the highways.

The overwhelming percentage of accidents is the result of human error. Until these are corrected, we can expect to continue to have accidents and the resultant tragedies therefrom.

Need Proper Education

These human errors can only be corrected by proper education, proper observation of the traffic laws, uniformity in the traffic laws of the states, and by courtesy on the part of vehicle drivers. The death toll and the incidental losses cannot be cured by putting the automobile manufacturers under the edicts of bureaucrats in Washington. To follow such a policy would be an imposition on the American taxpayer and could cause some serious damage to the economy. It is estimated that if all government cars were required to be equipped with substantially all the devices contemplated, regardless of where the car was to be used, the additional cost would

average in the vicinity of seven hundred dollars each.

Since the government maintains a fleet of passenger automobiles of approximately 225 thousand, you can see how much more it would cost to require heaters and snow tires to be placed on cars operated in Miami, Florida, while cars in Alaska could be required to have not only the heater and the tires, but also an air conditioning system. If the bureaucrat decided that everyone should have a seat belt, whether he wanted it or not, all government cars would be so equipped. One fellow observed that he didn't like seat belts because they were too uncomfortable to sit on. It might also be added that an electronic device to dim the lights of other cars would be installed on all government cars even though many are never used at night. In other words, it would be open season for the gadgeteers to sell the American taxpayer a lot of gimmicks.

Economically, it could mean the beginning of a greater demand for foreign cars, not manufactured in this country. There has been considerable alarm about the tremendous increase in the imports of these foreign-made cars. Automobiles in this country are already too high priced, and to add more to that price would be an invitation for people to start buying the cheaper foreign-made models.

One member was heard to observe that the next thing we know rural mail carriers will be driving foreign-made cars, and some bureaucrat in Washington will require all of the farmers to shorten the posts supporting their mailboxes so the mail carriers will not have too much difficulty in delivering the letters from their low-slung automobiles.

Number of mules used on Texas farms has dropped almost 90 per cent during the past 20 years.

Texas owned an estimated 8,500,000 head of cattle worth approximately \$561,000,000 in 1955.

W. S. Ikard is credited with bringing the first purebred Herefords to Texas in 1876.

Mr. and Mrs. T. J. Clement, 1400 Second Avenue, are announcing the engagement and approaching marriage of their daughter, Florence Gail, to Jack Metcalf, son of Mr. and Mrs. Ray Metcalf of Canyon. The wedding will be read November 28 in the First Methodist Church of Canyon.

Higdon Transfers To Oklahoma Base

Major Sherman R. Higdon has reported for duty with Continental Airways and Air Communications Service Area, Tinker Air Force Base, Oklahoma. He goes to Oklahoma after a four-year tour of duty in England.

Major Higdon graduated from Canyon High School and attended the University of Texas prior to enlisting in the Army in 1940. He began his Air Force career while in Alaska in 1948.

Major Higdon is the son of C. A. Higdon of Canyon.

With headquarters at Tinker Air Force Base, Oklahoma, the Continental Airways and Air Communications Service Area is the Air

Inspection Tags For Cars Ready

AUSTIN — The Texas Department of Public Safety has announced that the new 1960 motor vehicle inspection stickers are available to Texas motorists.

Col. Homer Garrison, Jr., director, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1960. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Garrison said, "this program has become a very minor inconvenience and expense to the motor vehicle owner—provided he moves early to comply with the law."

"The more than 4,500 authorized inspection stations over the state are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline."

"With hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked in preparation for the winter months."

Garrison called attention to the fact that since the beginning of the inspection program vehicles having a defect that was a causative factor in fatal accidents decreased from 11 percent to four percent.

He said 43.4 percent of the cars inspected during the last inspection period needed some adjustment or repair and that the average cost for inspection, including the \$1 fee, was only \$2.02 per car.

Force agency charged with providing communications, navigational aid facilities, and air traffic control services to all Air Force units operating within the United States, Panama, Puerto Rico and Bermuda.

An amoeba eats by slowly enfolding the food in its body.

Amor, the Roman god of love, was a brother to Hymen, god of marriage.

The man who brags the most about his future probably has a shady past he'd like to forget.

Fairview Breezes

By MRS. J. W. WESLEY

The revival came to a close Sunday morning.

Mr. and Mrs. H. H. Shipman, Mr. and Mrs. Rafoed Shipman and children visited in Seymour last weekend for the Shipman reunion.

C. P. Rogers and J. W. Wesley were in Littlefield Saturday and had an irrigation pump repaired.

Mr. and Mrs. Woodrow Wesley entertained guests Thursday evening and Friday.

Virgia Liston visited with her sister and brother-in-law in Plainview Thursday.

Mr. and Mrs. George Whitfield of Plainview visited Sunday with Virgia Liston, Serena Bryan, and Tom Rogers. They attended church services Sunday morning.

Serena Bryan tripped over a tomato vine and fell, but no bones were broken.

We were happy to welcome Fannie Stephens and Tootsy Dinny to church Saturday evening.

Our pastor, Charles Pierce, and his wife, Pat, served homemade cookies and cokes to the congregation Saturday evening after services.

Elected messengers to go to Dimmitt for the annual association meeting are Mrs. J. W. Wesley and G. E. Wesley. Our former pastor, Jack Jetter, will be the main speaker.

Mr. Chamber of Abernathy visited Mr. and Mrs. G. E. Wesley Sunday.

Mr. and Mrs. Charles Sutton attended the Boys' Ranch Rodeo Sunday.

The Tongue and Thimble Club met Thursday with Fern Wilson. Mrs. Charles Sutton was elected president with Mrs. E. W. Schaeffer secretary and reporter, and Fern Wilson as demonstrator. The next meeting will be with Mrs. E. W. Schaeffer September 17.

It is really dry and hot in our vicinity.

Mr. and Mrs. J. W. Wesley were shopping in Canyon Wednesday.

Mr. and Mrs. Charles Sutton were in Canyon Saturday.

West Side H.D. Club Hears Talk on Wills Mrs. Dick Barrett was hostess to the West Side Home Demonstration Club Wednesday afternoon.

Mrs. Mona Hildreth, home demonstration agent, spoke on Wills and Women's Rights. The next meeting will be Wednesday, Sept. 16 in the home of Mrs. Fred Richard.

CARD OF THANKS We wish to extend our thanks and appreciation to the many friends who were so kind to our loved one during her illness, and to those who so lovingly prepared food and sent flowers in our hour of sorrow. May God bless each and everyone. The family of Lola Pierce

**John Deere RW Disk
Harrow**

The John Deere RW Disk Harrow promotes
higher yields, bigger crop profits through
better seedbed preparation. It is a heavy-
duty, strongly built harrow that will do better
work, in tougher conditions, and last longer.
It's a simple harrow, too. In fact, there is
only one adjustment, a leveling device to
adjust it to different drawbar heights. Disk

gangs are set at a fixed angle—no changing,
no adjusting when going from one field to
another. Built-in weight pans and carrying
wheels are regular equipment on all sizes.
Oh yes—the RW has a price that makes it a
bigger-than-ever bargain. See us soon for
all the yield-boosting, money-saving facts on
the John Deere RW Disk Harrow.

MRS. THOMAS JOHN WILBANKS

Kay Jordan, Tom Wilbanks Married in Double Ring Rites

Nuptial vows were solemnized
for Vera Kathryn Jordan, daughter
of Mr. and Mrs. Ted F. Jordan of
Houston, and Thomas John Wilbanks,
son of the Rev. and Mrs.
T. Winston Wilbanks of Amarillo.

The bridegroom's father and the
Rev. H. A. McNair performed the
double ring ceremony at 8 p. m.
August 28 in the Oaks Presbyteri-
an Church of Houston.

Aubrey Lee Gentry of Houston,
a student of Trinity University,
sang "The Lord's Prayer" by Ma-
lotte and "O, Eternal Love." Mrs.
H. E. Sanner of Houston, organist,
played traditional wedding music.

Candlelight Ceremony

For the candlelight ceremony,
the church was decorated with
floral greenery and baskets of
mixed flowers.

Miss Melissa McNair of Houston,
who was flower girl, wore a floor-
length dress of palest pink organ-
dy, trimmed in pink medallions.

Bridesmaids were Miss Carrie
Blundell of Springfield, Ill., Miss
Sandra Walker of Edinburg, Miss

Beth Wilbanks of Amarillo, sister
of the bridegroom, and Miss Judy
Porter of Houston. Each wore a
street length dress of palest pink
organdy made with puff sleeves
and bouffant skirts and matching
cummerbunds. Their hats were a
halo of pink flowers.

The maid of honor was Miss
Carole Ann Gavstad of Houston,
who wore a dark pink organdy
dress styled identically to those
of the other attendants.

The attendants carried sweet-
heart bouquets of pale pink car-
nations with matching ribbons.

Dana Wilbanks Attends

Best man was Dana Wilbanks,
brother of the bridegroom.
Groomsmen were Michael Price of
Pampa; Erwin Wilbanks of Dallas,
cousin of the bridegroom; Harry
Jordan of Houston, brother of the
bride; and Ray Buchanan of Lam-
pasas.

Ushering were Ted Jordan, Jr.,
brother of the bride, Donald Car-
lton, Richard Carlton, all of Hous-
ton; Jim Herrington of Abilene;
Everett Anderson of Eaglelake;
and Kent Christensen of San An-
tonio.

Given in marriage by her father,
the bride was attired in a floor-
length gown of white embroidered
organdy over pale pink taffeta.
Styled with a tiered skirt, the dress
featured a bodice with a high neck,
short sleeves, and dropped waist-
line.

Her fingertip veil of white tulle
fell from a tiara of white pearls
and iridescent sequins.

She carried a bouquet of white
stephanotis surrounding a white
orchid with a purple throat.

The ceremony was solemnized
on the 83rd birthday of the bride's
grandfather, E. K. Laughlin, Sr.,
of Bartlett.

Lawn Reception Follows

A reception followed on the
church lawn, lighted with hurri-

When we hear a married couple
bickering, it would be so easy to
tell them what's wrong!
He's selfish with her about an
occasional meal out, or extra help
in the house, even though she
holds a job to ease his financial
worries.

She nags at him about his driv-
ing, or makes him seem ridiculous
by laughingly reporting his blun-
ders.

He entertains the party with
descriptions of all the good-look-
ing women he knows, while his

cane lamps.

A sherbet punch was served with
the white, three-tiered cake deco-
rated with cultured pearls and
topped with the traditional bride
and groom figurines.

Assisting at the reception were
Miss Babs Bettell, Miss Barbara
Southworth, Miss Nona Bennett,
Mrs. Robert McReynolds, Miss
Mary Margaret Lindsey and Mrs.
Bryan Fuller.

For the wedding trip, the bride
chose a toast brown silk dress and
matching coat, with black patent
accessories.

After September 10 the couple
will make their home in San An-
tonio, where they are both stu-
dents at Trinity University. The
bride is a graduate of Reagan High
School of Houston and is a mem-
ber of the Spurs, girls club. The
bridegroom, a graduate of Canyon
High School, is a senior at Trinity
University, where he was presi-
dent of his sophomore class, speak-
er of the student senate, chief
justice of the student court, and
president of Blue Key, national
honor fraternity for men.

rather plain wife has lost interest
in her appearance because he con-
stantly preaches economy.

She plays bridge all afternoon,
then wants to take the family out
for hamburgers because she's too
tired to cook.

It would be so easy to correct
their problems! But we aren't
because they probably wouldn't
listen, and we'd only lose their
friendship. But when it comes to
seeing our own faults — that's
another matter. Analyzing the
spouse's shortcomings is easy
enough; really too easy. But in
doing so, we forget he may have
been holding back about some of

our irritating habits. Once we
begin to put him straight, it's only
natural that "while we're talking"
he should mention a few errors.

A good clean argument now and
then clears the atmosphere. But
constant bickering is habit-form-
ing. Since we know all the an-
swers for other couples — but
can't afford to speak up — would-
n't it be handy if we could apply
this wisdom to our own house-
hold?

When we hear Jack eat Jill out
for buying a new lamp when he
has just purchased a motor boat,
for instance, could we make a
quick check on our own fairness

with money? If it's a tone of
voice that's causing the trouble,
could we listen to our own with
the ear of an outsider?

Sure we could, but will we?

SPEED DEMON

Men still die with their boots on
— and too often one of them is on
the accelerator.

FOOTBALL 1959!

Join us, Folks!

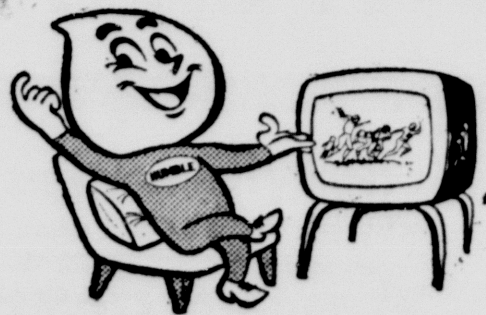

You are cordially invited to enjoy the 1959 football season
as the guest of your neighbor in a Humble uniform.

LIVE TELECASTS!

Your neighbor in a Humble uniform will sponsor
telecasts of NCAA college football games every
Saturday—September 19 through December 5.
Program includes five games featuring Southwest
Conference teams. Enjoy the most exciting, colorful
American sport as "Happy's" guest.

"GAME OF THE WEEK" ON TV!

Humble's videotape "Game of the Week" will
be shown each Sunday afternoon on TV at 5:30 p.m.
CST. Videotape is the next best to a live telecast—
uses TV cameras, TV close-ups. Kern Tips will do
the commentary.

RADIO BROADCASTS!

All Southwest Conference games will be brought
to you on radio every week end—a total of 50 games
on 153 radio stations. Exciting word pictures by
Humble's staff of top announcers, headed by Kern
Tips, best in the nation.

MAKE 1959 A

Truly Elegant

Versatility plus glamour — reflected in this Missy suit of Chiffon Broadcloth with its own detachable beautiful Mink collar. Don't overlook the fine details of this properly subdued suit — the dainty hand-picking outlining pocket flaps, jacket front and notched sleeves! We've also added a splendid jeweled touch as added praise to the fine tailoring. Skirt is plain fronted with center back kick-pleat. Lined in Super Crepe. In Blue with Grey Mink, Black with Black Mink, Taupe with Brown Mink. Sizes 10-20.

WARREN'S

ROWIE V. DURDEN

Music Professor Named at WT

A new assistant professor of music will join the West Texas State College faculty for the 1959-60 session, according to President James P. Cornette.

He is Rowie V. Durden, who has been an instructor at Teachers College, Columbia University, where he has been studying toward his doctorate. He earned his M.A. degree there after completing his B.S.M. degree at Susquehanna University.

Durden, who is married and has one child, is a graduate of Mamaroneck, N. Y., High School. At Susquehanna, he was concert master and drum major of the band for two years. He represented the college for four years in Pennsylvania's all-state collegiate band. In his senior year, he was chosen solo clarinetist for an all-state orchestra.

Director of bands and orchestra at Randolph-Macon Academy, Durden conducted several prize-winning bands, including a first place

Now Is the Time to Begin Thinking About Long Range Improvement

BY MARION E. EVERHART
SCS Range Conservationist

Rangelands have improved greatly during the past three years. Most areas have received above average precipitation which has usually come at the right time. The sunflower stage of 1957 has passed which was followed by the winter weeds stage. This too has passed and almost everywhere the perennial grasses are covering up the ground.

Now is the time for ranchers to start thinking seriously about long range plans. How about the need for cross fences to divide pastures that are too large? Water facilities should be checked to see if they are adequate for the proper distribution of cattle. A properly located pond might stop gully erosion as well as supply needed water for livestock.

If there are bare or nearly bare areas around watering locations or near the headquarters maybe rotary pitting along with range seeding would be the answer. Grasses are much easier to establish during the wet cycles than during a drought. Brush control should be planned.

Not to be forgotten is grazing management. Too many ranchers do not base their grazing on the preferred plants, that is on those eaten first by cattle. It is these

in the Apple Blossom Festival. He taught three years at the Greenville, S. C., High School and was director of band, choir, and orchestra at Walter Johnson High School in Bethesda, Md.

Durden has studied clarinet with Eric Simon, well-known player and editor, Herbert Blayman, solo clarinetist with the Metropolitan Opera orchestra, and Arthur Christmann, professor at the Juillard School of Music.

One of 35 School Children to Get Obscene Literature Through Mail

Approximately one out of every 35 school-age children in America will be solicited through the mails this year for the sale of obscene literature and photographs, Postmaster Marion Higdon reports.

Higdon appealed for broader public support of the Post Office Department's campaign to wipe out this menace which profits on the corruption of minor children.

He said that Postmaster General Arthur E. Summerfield has advised that as many as one million children this year will receive such filthy material through the mails at their parents' homes.

Postmaster Higdon emphasized that the child himself may be completely innocent of having requested such material. He pointed out that these "merchants of filth" buy standard mailing lists, gather names from high school yearbooks, and even advertise bonafide toys such as model airplanes for sale, in order to garner names of youngsters to whom they can send their smut.

In a recent speech, Postmaster General Summerfield also warned, "These racketeers do not respect any social group, economic status or place of residence. They use every conceivable method to get children's names and addresses to make up their mailing lists."

"Persistent, intensive action on a nation-wide scale," he continued, "will be absolutely necessary for a long time to come to cope with the determined plans of the filth racketeers to expand their business."

Postmaster Higdon reported that

civic groups throughout the nation are rising in support of the campaign. Since the Postmaster General "declared war" on this huge racket, more than 1,000 organizations have notified Summerfield of their active support and cooperation, Higdon said.

The public here and in every community in our country can provide immeasurable aid in our four-fold program to wipe out this traffic, which Mr. Summerfield has described as the most vile, insidious racket of our time, Postmaster Higdon said.

The objectives of this program are:

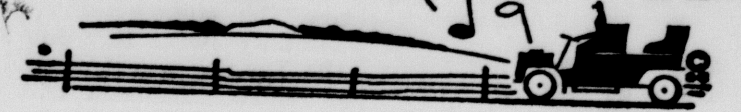

1. To draw maximum public attention to the menace of this racket;
2. To urge parents to help the Post Office Department to apprehend the mailers of filth to their children;
3. To help mobilize community support behind adequate law enforcement of local ordinances or state laws when these purveyors are apprehended and brought to court;
4. To rally public opinion behind new and stiffer legislation on obscenity.

"If all of us join hands in support of this program, the war against this vile racket can be won," he concluded.

Parents into whose homes obscene material is mailed can help most, Higdon emphasized, by sending or taking the material, including the envelope in which it came, to their local postmaster.

Redistricting - - -
Continued From Page 1

the number of miles of road could be made. McCormick preferred to use the committee to study redistricting, as well as other problems. Johnson, however, asked why the commissioners, as elected officials, could not handle the redistricting and other problems. "With a little bit of courage and a whole lot of vision we could settle this issue now," he said.

County Judge Roy Joe Stevens, who Tuesday was strongly in favor of redistricting, said that any inequities found could be worked out. "These problems would have to be worked out regardless of when we redistricted," he said.

Precinct Boundaries

The precincts, as finally accepted, are:

Precinct 1 (McCormick)—From Highway 87 and Seventh Avenue in Canyon east to the Canyon city limits, then north to Highway 217, then east to the Armstrong County line. From Highway 87 and Seventh Avenue north to the junction of Highways 87 and 60 following the expressway to Washington Street, then north to the Potter County line. Approximately 208 square miles.

Precinct 2 (Beckman)—Follow FM 1062 from Deaf Smith County line east to Highway 60 and follow Highway 60 east to 15th Street in Canyon. Then south to one mile south of the Canyon city limits, east to Highway 87 and south to the Swisher County line, then west to Deaf Smith County line. Approximately 224 square miles.

Precinct 3 Lines

Precinct 3 (Dowlen)—From the junction of Highways 87 and 60 north of Canyon, west to 15th Street, then south to one mile south of the Canyon city limits, then east to Highway 87. Follow that highway and graded road to the point where it crosses the railroad, then south to the Swisher County line. Approximately 240 square miles.

Precinct 4 (Johnson)—From the junction of Highway 60 and 87 west to junction of FM 1062 and Highway 60 then west on FM 1062 to Deaf Smith County line. The eastern boundary is the same as the western boundary for Precinct 1. Approximately 200 square miles.

Another surprise injected into Tuesday's meeting was the use of an agenda. It is the first time an agenda has been used to speed the action of the commissioners. Minor business was disposed of before the commissioners took up redistricting.

Mrs. Mary Boyce and Mrs. Christine Hennington received word Friday that their niece, Mrs. Martin Jones of Wizard Wells, was hurt in a car accident.

DOUBLE GUNN BROS. STAMPS TUESDAY

Eagles Trounce Slaton 16-0 In Debut at Buffalo Stadium

Canyon's Eagles pushed across touchdowns in the first and third stanzas in the football season's non-conference opener Friday night to down the Slaton Tigers, 16-0, before 2,500 fans in old Buffalo Stadium.

Halfback Mike Poole, Quarterback Jerry Richardson, and Fullback Chuck Nester were the big guns in the Eagles attack as they rolled up nearly all of the yardage garnered by Canyon.

Poole's big yardage came in the opening quarter, when he skirted right end behind exceptional blocking and romped 41 yards for the first tally.

Richardson tacked the other Canyon tally on the board when he worked the option to perfection and went over for the eight.

Kept Them Honest

Although he didn't figure in the scoring, except the points-after-touchdown, Nester's drives into the Tiger line kept the Slaton defense honest. He bull-dozed his way for a net yardage of 49 yards in 13 carries for the Eagles. That's 3.8 yards per carry.

Richardson toted the ball 11 times, excluding the thrown passes, and picked up a net 45 yards. Four of the 11 times he was thrown for big losses while attempting to pass.

Poole gained 49 yards in four carries, and Halfback Jim Marrs picked up three yards in three carries.

The first Eagle TD came with 1:45 to play in the first quarter, after Richardson ran back a Tiger punt from the Eagle 22 to the Tiger 30. It then took just two plays for the Eagles to tally.

On the first play, Richardson faded to pass, but was swarmed by Tiger defenders, and lost to the Slaton 41. From there, Richardson took the ball on the pitch-out option and lateraled to Poole after crossing the line of scrimmage. Poole picked up good blocking, and sprinted over to score. Nester hit through the line to post the two-point conversion and the Eagles led, 8-0.

Second Touchdown

With 1:57 remaining in the third stanza, Richardson made another fine runback of a Tiger punt, lugging the ball from the Canyon 27 to the Slaton 29. From there it took the Eagles five plays to push

across the second score.

From the Slaton 29, Richardson lost seven yards attempting to pass. Nester picked up three yards over right tackle, and Marrs circled left end for two yards.

Then Richardson hit Marrs with a pass that carried to the Slaton 10, which set up the tally. Richardson kept the ball and sliced over right tackle to score. Fullback Tommy Henderson carried for the two-point conversion. The score came after time had run out in the third quarter.

An offense mounted in the second quarter by the Eagles was halted by Slaton on the Tiger nine-yard line. The Eagles handled the ball seven times inside the Tiger 25-yard line, but stout defensive work by the Tigers staved off the score.

Slaton Drive Halted

The only Slaton drive to penetrate the Eagles 20-yard line came midway of the fourth period when Tiger Halfback Gibbs Smith and Fullback David Bishop were ripping the Canyon line. The drive was stopped on the Eagle 16 with just over five minutes left in the game.

On the statistical side, the game proved about even. The Eagles gained 146 yards rushing to 132 for the Tigers. Canyon had nine first downs, while the Tigers scratched for 10.

Richardson completed three of

eight passes for 45 yards. Two of the completions were to Marrs and were good for 28 yards, while Quarterback-end Jim Killingsworth grabbed a Richardson pass that carried for 17 yards.

Henderson Steals Pass

Slaton tried five passes, had two completions good for 21 yards, and had one pass swiped by Henderson on the last play of the game.

Each team punted five times, with Henderson posting an average of 28.5 yards per punt. Henderson's punt in the fading minutes of the game carried 46 yards with the wind and put Slaton deep in its own territory for the final series of downs.

Both teams were penalized four times, Canyon for 40 yards and Slaton for 20 yards. Neither team lost a fumble.

REPORTER-AT-LARGE

DIMMITT SHOULD TAKE TITLE IN DISTRICT AFTER BIG WIN

By OSCAR GRIFFIN

It appears that any hopes Canyon fans might have entertained about the Eagles winning the district title—or even sharing it—this year went down the drain last weekend when Dimmitt smothered Perryton, 22-0.

Perryton was ranked high in state AA circles, but they just didn't have the stuff against Dimmitt's Bobcats, who from this angle look like repeaters for the District 1-AA crown.

The Eagles, in contrast, looked a little ragged, as expected, against Slaton last Friday night, but did a fairly good job of containing the Tigers.

It appears from here that the Eagles again will finish second to Dimmitt. However, it's early in the season—a little too early to do anything but guess.

After much head scratching, I finally deciphered some notes made during the game with Slaton. Seems that Tackle Jack Breitling and End Jim Killingsworth turned in a couple of fine defensive plays against the Tigers, but doggone if I can figure out exactly what they did.

All I can get out of them now is the words "great stop" on the Killingsworth play and "good" for Breitling. From the press box it looked as if both turned in outstanding performances for the Eagles.

Last week's guesstimating of several of the local games produced some slightly better than average results. I hit four of six winners and two games predicted will not be played until this Friday. How's that for luck?

This week's games should go like this:

Canyon at Hereford—Printer Don Paris thinks the Eagles will take this one, and he just might be right. Inexperience will hurt the Whitefaces in this first clash of the season. So I'll string along with the Eagles another week, at least.

Dimmitt at Lockney—The Bobcats will continue to roll, although Lockney will not be a pushover. Dalhart at Clayton—The Wolves stopped Clayton, 26-0, last year and should win again this year.

Tulia at Abertnathy—The Hornets are fresh from a win over weak Memphis, but Abertnathy is tough hombre. The licking the Antelopes took last week from Floydada wasn't a disgrace. Abertnathy will get revenge at the sake of the Hornets.

Stinnett at White Deer—The Bucks of White Deer have too many horses and Stinnett won't be able to slow them down enough.

Estelline at Memphis—Estelline surprised a good Claude team last week (me too) and will romp over the Cyclones.

Groom at Sunray—Although in Class B, Groom's Tigers will take the Class A Sunray bunch.

Quitake at Happy—The Cowboys have a good team, and should chalk up their second win with few hitches.

Turkey at Kress—The Turks are a good team and should halt the hopping Kangeroos.

Panhandle at Childress—This one is anybody's guess, but for the record I'll take Childress.

Again this week, I'll take Dumas over Enid and Phillips over Ector.

Sack Lunch Slated For Mother-in-Laws

The Palo Duro Mother-in-Law Club will meet September 11 with Mrs. Fred Marshall, 903 Sixth Avenue. Each member is asked to bring a sack lunch which will be numbered. Members will draw numbers for the lunches at the noon hour.

A new yearbook has been prepared and may be purchased for 15 cents.

Wayside News

By MRS. W. R. FRANKLIN

The revival meeting closed last Sunday night.

Mr. and Mrs. John Barnes and Uncle John McGehee attended the old cow punchers annual reunion north of Amarillo last Saturday.

Mr. and Mrs. Herbert Rowland and daughter of Gretna, Va., were dinner guests in the W. R. Stockett home last Wednesday.

Charles and Robert Kennedy were Amarillo callers Saturday morning.

C. F. McClain of Caledonia, Mo., and grandson, Joe Walton of Maplewood, Mo., visited last week with their sister and aunt, Mrs. W. C. McGehee and family.

Mr. and Mrs. Ira Schrib, Patsy, Nancy and Jimmie, and Richard Kennedy attended the Shipman family reunion at Seymour over the Labor Day weekend.

Mr. and Mrs. R. B. Duncan and son are on a vacation trip this weekend.

Kerry Franklin of Canyon, a grandson of Mr. and Mrs. W. R. Franklin, left August 30 for Pecos where he will teach chemistry and physics.

Mrs. Fannie Stevens and Mrs. Clifford Stevens were Canyon shoppers last Thursday.

Mr. and Mrs. W. R. Franklin were Canyon shoppers Saturday morning.

Mr. and Mrs. E. J. Mahler were Amarillo callers one day last week and also were visitors in the Ewing McGehee home in Amarillo.

Glenn and Eddie Gene Mahler of Borger and Cordie Mahler were on a fishing trip to Lake Conchas Labor Day weekend.

Tim Payne of Amarillo spent the

weekend with his grandparents, Mr. and Mrs. E. J. Mahler.

School opened at Wayside last Monday morning with an enrollment of 17 students. There are seven pupils from Wayside who ride the bus to Claude.

Research Grants Aided by Canyon

Funds contributed by residents of Canyon to the Randall County Heart Association will be used by six scientists to conduct research on diseases of the heart and blood vessels. Mrs. T. G. Dewey, president of the Randall County Heart Association, announced.

The six scientists have received grants totaling almost \$30,000 for the research program. Randall County's share of contributions to the grants was \$100.

The research work to be conducted at two Texas medical centers.

Although the Texas Heart Association has been contributing to the national research support program of the American Heart Association, this is the first year that the Research Committee of the Texas Heart Association has approved grants-in-aid to research scientists in Texas.

"The Randall County Heart Association is glad to be a part of the vital research program initiated by the Texas Heart Association," Mrs. Dewey said. "We hope that in the future we shall be able to provide further financial support to projects approved by the state association's Research Committee," she added.

EASY COME—EASY GO

Success that is not planned and worked hard for usually gives very little satisfaction.

It is the triumph of hope over experience that induces many people to try to beat another man at his own game.

RAMLING AROUND

DOYLE G. THOMAS

The index of prices paid by and received by farmers shows that the net farm income will be reduced \$1 billion, compared with last year. Prices received by farmers now average 81 percent of parity or five percent less than a year ago. Farm operating costs are at an all-time record high.

Sheep producers are voting this month in a referendum to determine whether or not deductions will be continued from wool and unshorn lamb payments under the 1959, '60, and '61 marketing years to finance the American Sheep Producer Council's advertising, sales promotion, and related market development activities for lamb and wool. Ballots have been mailed to all known wool producers. If any producer did not receive a ballot, he may secure one by contacting this office. Ballots must be cast not later than September 30.

"Trapping summer rainfall in your fields may mean more money in your pocket," says Jack Barton, extension soil and water conservation specialist. These "traps," better known as terraces, contour farming, or mulches, can help get more profit through better yields.

Research has shown that a summer rain will penetrate only two or three inches in crops plowed "up and down" the hill, but six to 12 inches in fields farmed on the contour. Mulches keep soil surfaces open so that water can penetrate the soil much faster, slow run-off water speed, and help the soil absorb the moisture.

Side Views — Erwin Meyer, Ben Buecker, and Lewis Hales appointed as a committee to count the ballots in the committee elections held this week. Silas Crawford talking to us about constructing a system of terraces on his farm. A good field of cotton on O. H. Rahlfs farm.

Most men figure they have influence to sell—the problem is to find a market for it.

The average man could save money if he had more to practice on.

MRS. ROBERT R. PHILLIPS

Miss Wanda Rogers Becomes Bride Of Robert Phillips Friday Evening

Miss Wanda Rogers, daughter of Mr. and Mrs. C. F. Rogers, became the bride of Robert R. Phillips, son of Mrs. R. F. Phillips and the late Mr. Phillips, Friday evening in the First Baptist Church.

Dr. Strauss Atkinson, pastor, officiated at the double ring ceremony before the satin draped choir rail which was centered with a two tiered arrangement of salmon pink gladiolus. Tall floor baskets filled with pink gladiolus were used to flank the central arrangement. Seven bract candelabra holding cathedral tapers and spiral candelabra filled with white votive lights accented the floral arrangement.

Mrs. Meade Humphries, at the organ, presented the traditional wedding music and wedding marches. Miss Joy Gray, soloist, sang "Indian Love Call" by Friml. "Whither Thou Goest" by Singer and "The Lord's Prayer" as the benediction.

Attendants Named

Attendants of the bride were Mrs. Billy C. Morton of Lubbock, sister of the bride, as maid of honor, and Miss Gayle Rogers, sister of the bride, Mrs. Don Duncan and Miss Barbara Bacon as bridesmaids. They wore identical dresses of pink nylon organza over taffeta and net accented with pink cummerbunds and they carried colonial nosegays fashioned of pink carnations and pink Poinsettia roses.

Candlelighters were Mrs. Bob Wilkinson and Mrs. Don Wells who wore identical dresses in white fashioned after the bridesmaids' dresses. The flower girl, Becky Harris of Amarillo, wore a white dotted swiss dress and carried a white basket from which she dropped rose petals.

Bill Phillips, brother of the bridegroom, served as best man. Groomsmen were Hubert Green and Jerome Edwards of Canyon, and Jon Cross of Boulder, Colo. Gene Rogers, brother of the bride, Don Ray, and Gerald Free shared the ushering duties.

Nylon Tulle Gown

Given in marriage by her father, the bride wore a nylon tulle gown over slipper satin which was fashioned with a portrait neckline, complimented with pleated nylon tulle, long sleeves and a molded bodice designed with a deep point in front and back and accented by

applied lace. The bouffant skirt terminated in a cathedral train. Her wrist length veil of French illusion was fastened to a seeded pearl headpiece.

She carried a Rainbow Bible on which rested a cascade arrangement of pink and white sweetheart roses with accents of natural green foliage and long satin streamers tied with love knots.

Reception Held

At the reception which followed in Fellowship Hall of the church, the bride's table was laid with a pink cloth centered with a bouquet of white roses and appointed with crystal candelabra bearing pink tapers. The three-tiered wedding cake was served by Mrs. Buford Rogers of Hart and Mrs. Jack Parsons, aunts of the bride.

Presiding at the punch bowl were Mrs. R. P. Jarrett, Jr., cousin of the bridegroom, and Mrs. Mickie Thaten of Childress, aunt of the bridegroom. Registering the guests was Mrs. Don Ray. Furnishing the background music were Mrs. Meade Humphries and Mrs. Gene Rogers, sister-in-law of the bride.

In the house party were Mrs. Doris Gillham and Mrs. Henry Hamblen, aunts of the bride, Mrs. Ellis Lemons, Mrs. Harry Green, Mrs. E. L. Hardaway, Mrs. E. H. Wright, Mrs. Van Pennington, Mrs. Murray Boston, Mrs. Eddie Slay, Mrs. Don Singleton, Mrs. Guy Hamblen, Mrs. Foster Parker, Misses Johnnie Burkett, Sandra Michael, Betsy Callarman, Mayla Atkinson, and Virginia Leake.

At the close of the receiving hours, the couple left on a wedding trip to Ruidoso, N. M., the bride traveling in a beige linen sheath with a brown jacket and brown accessories. Her corsage was of white roses.

The couple is at home at 505A 24th Street in Canyon where both are seniors at West Texas State College. Mrs. Phillips is a member of the Zeta Tau Alpha social fraternity.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The sign-up date for farmers wanting to place land in the 1960 Conservation Reserve Program has been extended from September 10 to September 30, according to word received yesterday at the local ASC office.

No reason was given for the extension in time, said Doyle Thomas, ASC office manager. Some changes are being made in the program, however, and in all probability this is the cause of the change in dates.

Changes in the program concern acreage grazed during the past five years and they probably will affect the amount of annual payment that can be set on individual farms. Thomas said that the rates may be more favorable to the farmer than they had been previously.

For this reason he urges every farmer interested in the program to apply for a payment rate not later than September 30. The applications in no way bind the farmer and he can either accept or reject the rate after it has been set by the County Committee.

Farmers making application for rates should take information concerning the acreage and yields for the land to the ASC office. If this information is taken to the office when applications are made it will save both the farmer and the office personnel quite a bit of time, Thomas said.

LIMITED TRAFFIC

The straight and narrow path will probably never have to be widened to carry its traffic.

2 Distinguished Students Are Named from Canyon

Two Canyon students at Texas A&M College have been designated Distinguished Students for the spring semester of 1959, it was announced this week.

Charles W. Conatser, son of Mr. and Mrs. Charles V. Conatser, and Leo C. Rigsby, son of R. R. Rigsby, had grade point averages of 2.25 or better at Texas A. & M. last spring.

Amarillo College to Offer Course In Psychology for Stay-at-Homes

Amarillo College will offer a course in business and industrial psychology on Sunrise Classroom, a regularly scheduled television program of station KFDA-TV, channel 10, from 6:30 to 7 a. m., Monday through Friday.

The televised course will begin September 28, with registration opening September 14.

Originating on the college campus and relayed to home viewers on channel 10, the course will provide a background study of the principles of general psychology, with application of these principles to situations in business and industry.

No Prerequisites

There are no prerequisites for the course, although the student must qualify for college entrance if credit is desired. Students may register for Sunrise Classroom in person at the college or may receive enrollment materials through the mail upon requests addressed to the Amarillo College registrar.

Miss Beth Miesse, who taught a course in business English on the same program during the 1959 spring semester, will teach business and industrial psychology. She has been a member of the college faculty for more than 10 years.

Miss Miesse holds two bachelor's degrees and four master's degrees, earned at West Texas State College and the University of Colo-

rado. Her most recent degree is the master of personnel services, which she says is the one generally preferred for industrial psychologists and industrial counsellors.

Given Broad Background

Another of her degrees having particular application to the new Sunrise Classroom course is the master of business administration, which in her opinion has given her a broad background in the area of business studies and further understanding of business problems.

Further information about the course in business and industrial psychology is available upon request from the office of the Dean of the Evening School of Amarillo College, who will administer the course as a public service of the college to the people of Amarillo and the Panhandle.

Jowell H.D. Club Elects Officers

The Jowell Home Demonstration Club elected officers for the coming year at a meeting in the home of Mrs. Lee Roy Bauer recently.

Mrs. J. W. Spencer is the new president. Other officers are Mrs. Edna Bauer, vice president; Mrs. Lee Roy Bauer, secretary-treasurer; Mrs. Pauline Cummins, council representative; Mrs. Helen Davis, reporter.

Refreshments of peach cobbler with whipped cream, potato chips, tea and coffee were served to the new officers, Mrs. Bertie Culp, Mrs. Rona Robinson, and three visitors, Wynell Bauer, Polly and Mary Ann Cummins.

The next meeting will be held in Happy with Mrs. Bertie Culp on Sept. 16.

Priscilla Club Meets With Mrs. Loudder

The Priscilla Club met with Mrs. S. B. Loudder Wednesday afternoon.

A salad course with coffee was served to Mrs. Ernest Brown, Mrs. Alfred Bellah, Mrs. Jessie Parker, Mrs. Charles Flesher, Mrs. J. M. Daugherty, Mrs. D. M. Foster, Mrs. R. A. Hodges, Mrs. L. L. Jones, Mrs. Gladys Marshall, Mrs. Ray McReynolds, Mrs. A. H. Prichard, Mrs. T. S. Stevenson, Sr., Mrs. W. M. Stokes, Mrs. E. D. Walker, and Mrs. George Dudley Moore, Sr.

MRS. DAVID EUGENE MILLER

Ann Alexander and David Miller Exchanged Wedding Vows Recently

Miss Amelia Ann Alexander, daughter of Mr. and Mrs. Audley A. Alexander of Amarillo, and David Eugene Miller, son of Mr. and Mrs. W. E. Miller of Canyon, exchanged wedding vows in the First Presbyterian Church in Amarillo recently. The Rev. Lynn B. Rankin and the Rev. Burnette W. Dowler officiated at the double ring ceremony.

The altar area of the church was decorated with pink chrysanthemums and plumose fern. Cathedral candelabra held white votive lights.

Miss Doneta Swartz, organist, and Mrs. Lynn B. Rankin, soloist, presented the traditional wedding marches and wedding music.

Attendants to the Bride

Mrs. Phyllis Farrington of Perryton was matron of honor. Miss Helen Rankin of Amarillo served as maid of honor, and Misses Janis

illusion attached to a half-hat of Chantilly lace sprinkled with seed pearls. She carried a bouquet of white gardenias and stephanotis in a cascade arrangement with satin streamers.

Reception in Hall

A reception was held in Fellowship Hall of the church immediately following the ceremony. Assisting in the house party were Misses Georgette Rohan, Panhandle, Suzanne Reynolds, Canyon, Sue Ward, Judy Robinson, Alice Gordon, Nela Nagy, Mrs. Donald Hannum, and Mrs. Harlan O'Rear of Amarillo. Miss Sharon Hannum presided at the guest book.

For her wedding trip to Santa

Fe, the bride wore a green tailored dress with bone accessories. The couple is residing in Canyon at 505 24th Street.

Mrs. Miller is a graduate of Amarillo High School and has her Bachelor of Arts Degree from West Texas State College, where she is a member of Alpha Chi, national honor sorority, and Chi Omega, national social society. She was named to Who's Who in American Colleges and Universities while in college.

Mr. Miller was graduated from Canyon High School and is a senior pre-medical student at West Texas State College. He is a member of Alpha Chi and was student

director of the Christian-Presbyterian Student Center at WT.

The rehearsal dinner was given by the bridegroom's parents, Mr. and Mrs. W. E. Miller, at the Colonial Inn in Amarillo.

Henry Fowler to Graduate

Henry T. Fowler, son of Mr. and Mrs. Henry R. Fowler of Canyon, is to graduate from recruit training Friday at the Naval Training Center in San Diego, Calif.

Graduation exercises, marking the end of nine weeks of "boot camp," include a full dress parade and review before military officials and civilian dignitaries.
